NAR REALTORS® Conference & EXPO

San Diego, CA
November 12-15

KYR Leadership Conference

Lexington, KY
December 5-9

Kentucky REALTORS® is the voice of real estate in the Commonwealth! Thank you for promoting and emphasizing the importance of the American Dream of Home Ownership! As industry leaders, we must balance our commitment to professionalism with the importance of valuing our clients and, maybe, more importantly, valuing our members. I want us to search for ways to bring value to our association in myriad opportunities to encourage, strengthen, support, and inspire our members as they strive for their own success. We only have a few moments to touch people's lives and influence them for good, for health, and for blessings. Even during a normal transaction period of 30-45 days with clients, it's just a moment in time to help them believe they can achieve their dream!

It's imperative to not give up those moments of encouragement; to work on the credit scores, not getting depressed about an inspection - or the stress of multiple offers, those times when the underwriter said...

We step in there with solutions, options, words of advice, and sage counsel. That is leadership. That is valuing people. That is what we do daily. William Arthur Ward said, "Flatter me, and I may not believe you. Criticize me and I may not like you. Ignore me, and I may not forgive you. Encourage me, and I will not forget you." The goal of REALTORS® is to be unforgettable. To state it another way, we should strive to make a difference in the lives of others.

As an association, we are always striving for professionalism in our business, education for our members, and advocacy through our legislation. We want to make a difference in our members' business. We want to climb higher. However, a higher-level experience usually takes us out of our comfort zone and places us in the position of growth and learning. This opportunity is our chance to move beyond ourselves to the aid of others. This new level of commitment changes us forever because as people see us succeed they grow a greater expectation from us. Not only do they demand more from us, but we then demand more from ourselves.

This does not mean that we are infallible. Someone once said, "The best of people are people at best." We all make mistakes, fail, forget, and fall. But, leaders who fall seven times get up eight times. I am so honored to serve with such tremendous leaders who are willing to let others see their failures so they can learn, grow, and be better. John Maxwell coined the phrase, "Leadership is influence." That is what we do. We influence, encourage, and let people know we have something to say. Your opinion matters and you have something you can impart to help others become better. To paraphrase Winston Churchill: To every man there comes in his lifetime that special moment when he is figuratively tapped on the shoulder and offered a chance to do a special thing... What a tragedy if that moment finds him unprepared for that which would be his finest moment!

Kentucky REALTORS®, in 2021 I encourage you to embrace your calling to help others achieve their real estate goals. Show your compassionate concern in helping people achieve their dreams. Encourage your peers to become more engaged in their associations. Those are noble goals that will help us to say, "We 'R' Making a Difference!"

Charles Hinckley
2021 KYR President

KENTUCKY LOCAL BOARD JURISDICTIONS BY COUNTY

Current as of January 2019

ABOUT KENTUCKY REALTORS®

Kentucky REALTORS® was founded in 1922 and represents over 12,000 members who are involved in all aspects of real estate, including residential and commercial real estate brokers, sales agents, developers, builders, property managers, office managers, appraisers and auctioneers. As it stands, Kentucky REALTORS® (KYR) is one of the largest and most influential associations in Kentucky. KYR works diligently to preserve and enhance the rights and privileges of the owners of private property. Since its inception, KYR has worked successfully to advance home ownership, real estate investment, private property rights and the free enterprise system in Congress, the halls of Frankfort - the state capital - and with public officials from local and county agencies throughout Kentucky. The Association also exists to support and enhance the ability of members to succeed in their business in an ethical and competent manner.

The Association is governed by a Leadership Team comprised of a President, Board of Directors and Delegate Body and served by volunteer committees. An important aspect of the many successes earned by Kentucky REALTORS® over the years is through the dedication of these volunteers who have contributed countless hours to its advancement. An association staff of nine, led by the Chief Executive Officer, is given the responsibility for the operations and implementation of the programs, products and services provided to its members. All KYR members belong to one or more of the 20 local REALTOR® associations statewide and the National Association of REALTORS®. By becoming a REALTOR®, members are designated by a registered trademark. The term REALTOR®, other derivatives of the word, and the "block 'R' logo" are limited to use by REALTORS®. Additionally, when an agent becomes a REALTOR®, he or she agrees to abide by the National Association of REALTORS®' Code of Ethics, which ensures the highest level of professionalism from each individual member. Local associations, with support from the state and national associations, are charged with enforcement of the Code of Ethics and protection of the membership marks. Kentucky REALTORS® serves as a conduit to growth, knowledge and professionalism for its members and the real estate industry as a whole. The Association is committed to delivering its members the very finest tools and information to help them succeed - and to meet the needs of today's property buying and selling consumers. Members of KYR receive several invaluable benefits and privileges as a result of their membership. These benefits include educational offerings to satisfy industry requirements, a legal hotline, lobbying efforts on multiple levels of government, arbitration and mediation for disputes and conflict resolution, governmental affairs support, political engagement through the REALTORS® Political Action Committee (RPAC), timely communications and publications about housing and real estate issues as well as meetings and other membership events. As "The Voice for Real Estate™ in Kentucky," a primary value of KYR is to serve and represent its members in regulatory and legislative matters; to keep the REALTOR® central to the real estate transaction; to promote member integrity, competency and responsible citizenship; and to advocate and protect private property rights and equal housing opportunity.

Bottom Line: KYR helps protect a marketplace for consumers to buy, own and transfer real estate - a system that is emulated globally and one that REALTORS® dedicate themselves to protect.
